

Consent for school trips & other off-site activities

Walton High School is committed to providing all students with the opportunities to learn and develop through participation in school trips and other off-site activities.

Please note:

1. That the trips and activities covered by this consent include:
 - a. Off site sporting activity during and outside the school day.
 - b. Trips to local venues e.g. Stafford College, local feeder schools.
 - c. Performance events at local venues.
2. The school will send you information about each trip before it takes place.
3. You can, if you wish, tell the school that you do not want your child to take part in any particular school trip or activity.
4. Written parental consent will not be requested from you for those off-site activities listed in 1 above. We will, however seek separate permission for any trips that are residential or not local or for which we ask for a contribution towards the cost.

By giving your consent you are agreeing to your child:

- Taking part in local school trips and other activities that take place off school premises. This will include your child's name being shared with external event and competition organisers to allow for events to be planned and certificates to be awarded e.g. football tournaments, math competitions (Under GDPR external organising bodies should not then pass on student's names to third parties).
- Being given first aid or urgent medical treatment during any school trip or activity.
- Your child's name and image being shared with external event and competition organisers for the purpose of celebration or event promotion for example organisation's magazine or website.
- Being transported either by a reputable coach company or the school minibus.

We expect students

- To ask your permission and keep you fully informed regarding trip / activity times.
- To have with them a contact number where a parent / carer can be contacted in case of emergency e.g. a delay in return time. NOTE: Staff carry a mobile phone with them which students can use or they may use the school phone on their return.
- Student must have made the necessary arrangements regarding their collection from a school if the trip / off site activity extends beyond the end of the school day.

PARENT/CARER to sign and complete Combined Consent Form

Please note that the combined consent form will last for the duration of your child's time at Walton High School unless you wish to change them. If so please use a new Combined Consent Form available on the school website or from school reception.
