

Train to Teach with the Stafford Hub

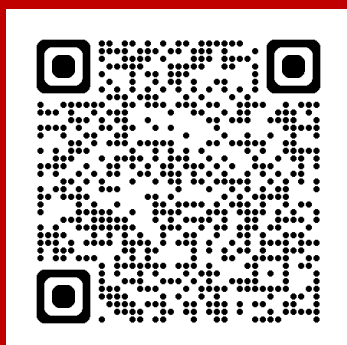

The Stafford Hub is a partnership of secondary schools in and around the Stafford area. As Lead Partner with the University of Staffordshire we aim to provide high-quality, school-based initial teacher training.

The school-Led route offers trainees a Professional Practice placement in two main schools within the Stafford Hub.

This ensures a varied and balanced experience of teaching in different settings, whilst allowing you to contribute significantly to the life of your main school.

We ensure you have access to the best and most inspiring, practising teachers and mentors. You will have opportunities to observe the best classroom practice, and your individual needs will be met through mentoring.

See QR code below for further information on teacher training in the Stafford Hub.

See QR code below to apply for the September 2027 cohort. The portal will allow access from 29th September 2026 to start drafting an application ahead of October 6th, 2026, for the official opening.
